Script—You will receive a script during camp. Make sure to take it home every night to study, then bring it back every day.

Water Bottle—Water fountains will be closed during camp. We will have water dispensers available to refill personal water bottles.

Jacket or Sweatshirt—Removable! It gets very cold in the theater and very hot outside. Layers!

Recording Device/App—Performers will be learning music very quickly and will need to study what we did in rehearsal at home. If you don't have a recording app on a phone, we will send a parent the audio files.

Dance Shoes—Please wear close-toed shoes each day to camp. Our Choreographer will provide details about any specific needs for dance shoes.
